

BRACIA

Teatr Ubogich (Katowice/Poland)

"Bracia" inaugurates the celebrations of the 20th anniversary of the creation of the Wysoki Zamek Club and the 6th World Day of the Poor

"Bracia" is a performance revolving around the most important questions which have always concerned humanity and are still vital today. It is a story of sin and sanctity, great suffering and great love. We would like to invite you on a journey through the history of an extraordinary family.

This performance was created with the help of the students and volunteers of the High Castle Club. Despite the frequent turnover of the participants in the theatre workshops who form the cast, the group managed to make it to the end – and are pleased to present the fruits of their work.

After the performance, a meeting with the creators is planned.
